To support the first phase of the Wisconsin COVID-19 Vaccine Program, Wisconsin Medicaid will soon be covering the COVID-19 vaccine. A ForwardHealth Update will provide further guidance as soon as more information becomes available.

ForwardHealth has established the [Wisconsin COVID-19 Vaccine Information webpage](#) to provide information related to the COVID-19 vaccine. Providers are encouraged to check this ForwardHealth Portal page frequently to stay informed about this quickly evolving situation.

Providers may also refer to the Wisconsin Department of Public Health [COVID-19: Program Information for Vaccinators webpage](#) for information on vaccine availability and delivery plan.
